Features in Entertainment for Halloween by St. Andrew's Church Societies.

A very pretty Halloween entertainment, given in Union hall "Thursday evening by the Ladies' Guild and Girls' Friendly society of St. Andrew's church, of New London, drew a goodly crowd. The stage was prettily decorated with pumpkins and autumn leaves. The evening's program consisted of a play, "The Master of the House," by William Leland, and the first number was a ghost dance, which was given in an excellent and prize-winning manner. Those who took part in the dance were as follows: Ghosts, the Misses Elizabeth Smith, Florence Smith, Joseph Smith, Mary Smith, Rachel Smith, Ora Smith, Margaret Bacon and Mrs. Muriel Reeder. Red Ridinghods, Misses Anna Canfield and Margaret Canfield; black cats, Misses Agnes Nelson, May Hillingworth, Florence Canfield and Charlotte Canfield; skeletons, Misses Daisy Bergmann, Mabel, Misses Amelia, Erwin, Ruth McKinley and Helen Munn; and a vocal solo, "The Little Mountain Lad," was then beautifully rendered by Mrs. Pierce. Mrs. Barker followed with a reading of "The Burybody," and read as an encore "North of the Border." Her readings were very interesting, and the audience very delighted with them. A violin solo, "The Ghost of the Violin," was rendered by Frank Benson and Miss Carrie Lawrence, who were accompanied by Mr. Turner. Turner rendered a vocal solo, "Good-bye, by Toad," which was followed by another solo by Mrs. Pierce. The last number on the program was "The Garden of Roses," which was given by the chorus and a quartette consisting of H. Blackledge, R. McNelly, Misses Munn, MacDougall and McNelly.

**SCHOOL STORM SIGNAL SYSTEM**  
New Plan For Rainy Days—Old One Session System Abandoned—Two Bells at 8.15 For No School in Morning—Same Signal at 12.30 to Govern Afternoon Session—Attendance Records For Month of October.

A system of storm signals, applying to all the schools of the town, has been worked out by Supt. E. J. Graham in conjunction with Fire Chief Howard L. Stanton, and will be in effect from the present time. The new plan for stormy days differs from the old, in that the old one-session plan is abandoned. Instead of that the signals have been arranged so as to call the school session off on account of storm either morning or afternoon, but if there is no session in the morning on account of storm that does not necessarily mean that there will be no session in the afternoon. The children are to come in the afternoon unless the signal is repeated at 12.30.  
The following are the regulations issued on the new storm signal system:  
No school in the morning—Fire alarm 8.15 a. m.  
No school in the afternoon—Fire alarm 12.30 p. m.  
If schools are closed in the morning, children are to come in the afternoon unless the signal is repeated at 12.30.  
Two Strokes of the Bell.  
The signal is two strokes of the fire alarm.  
It will be given for the different schools as follows:  
West Chelsea—Fire alarm.  
Greenwich—Fire alarm.  
Bridge district—Fire alarm.  
Long Society—Fire alarm.  
Tatfield—School bell.  
Occum—School bell.  
West Town street—School bell.  
Norwich Town—School bell.  
Yankee—School bell.

**CLUB DEPARTMENT.**  
The club department of the United Workers is often referred to as its latest department, and so it is, in its present well organized form, but the beginning of it dates back to 1877, when the sewing schools were established and to 1887 when the first "working girls' club" was formed.  
It has come into more prominent notice in the last few years because of its widespread work. It has an efficient supervisor and a large corps of faithful teachers. It has a club house at the Falls as well as the room at Washington street, and there are fourteen clubs composed of over three hundred and fifty children of all ages and many nationalities.  
The work touches not only the children but their families, for the supervisor visits each child in its home. The great value of this work lies in the fact that it is constructive. The housewife must have not only a constructive training for her future life.  
There seems to be no limit to the number of clubs there could be, so eager are the girls to learn to cook and sew and to join the classes in physical culture and hygiene, and the boys of all ages to form clubs for manual work and recreation, but the work can grow no further, if indeed it can continue as at present, until it has more friends and more money.

**AT THE AUDITORIUM.**  
Vaudeville and Motion Pictures.  
Another pleasing bill is scheduled for the last half of the week at the Auditorium, including entertaining vaudeville and well selected motion pictures. The bill is a variety of novel stunts which prove difficult and novel. "The Lion and the Lamb" is a class play, and "The Burybody" is a reading of the Burybody, and read as an encore "North of the Border." Her readings were very interesting, and the audience very delighted with them. A violin solo, "The Ghost of the Violin," was rendered by Frank Benson and Miss Carrie Lawrence, who were accompanied by Mr. Turner. Turner rendered a vocal solo, "Good-bye, by Toad," which was followed by another solo by Mrs. Pierce. The last number on the program was "The Garden of Roses," which was given by the chorus and a quartette consisting of H. Blackledge, R. McNelly, Misses Munn, MacDougall and McNelly.

**Flags at Half Mast.**  
Respect Paid to the Memory of Vice President Sherman—Bell to Toll at Funeral.  
All flags on city property, including the firehouses and courthouses, were ordered by Mayor T. C. Murphy at half mast out of respect to our vice president, James B. Sherman, who died Wednesday evening in Utica, N. Y. During the hour of the funeral, which will be announced later, the books which used to be closed at the beginning of it dates back to 1877, when the sewing schools were established and to 1887 when the first "working girls' club" was formed.

**ATTORNEY GENERAL DECLINES TO GIVE AN OPINION.**  
Will Not Make Ruling on Voting Machine Question Submitted by Town Counsel Shields.  
Attorney General John H. Light, in a signed opinion yesterday, declines to give an opinion on the question about voting machines which was submitted to him by Town Counsel Thomas M. Shields at the request of Civil Engineer George E. Pitcher.  
Attorney General Light sent the following letter, signed by H. E. Kelley, secretary:  
Hartford, Oct. 27, 1912.  
Your letter of Oct. 25 has been received, and in reply I beg to inform you that the statutory provision in reference to the giving of opinions upon the questions of law by the attorney general relates solely to inquiries submitted to him by the governor or by the executive committee of the legislature, state board or commission, and it has been the uniform practice of the attorney general to decline to answer questions of law submitted by other persons. Your letter, therefore, is returned with this explanation.  
Mr. Pitcher wanted an opinion on whether the legal voter could have the option of using the voting machine or the ballot in the case of a voter who had no objection to the use of the machine, as provided by the law. The town counsel is authority in the matter, according to the request of the town counsel. Town Counsel Shields was not prepared on Thursday to give any opinion in the matter.

**SOCIALIST LITERATURE.**  
Special Organizer Has Scattered Their Campaign Documents Through Norwich and Baltic.  
Norwich local of the socialist party held its regular meeting Thursday night in the Stead block with George Moles in the chair. Two applications for membership were received, and other routine business was transacted. The Norwich local has had the services of a special organizer for three days this week who has covered this town as well as Baltic with literature. Among the socialists there has been much talk of late about the socialist vote, and it was generally conceded that the bull moose party would catch a good number of the votes of the socialist party. The socialist party in Norwich, there is a superficial shallowness about the progress of the socialist party, which can be written on the statute books unless the United States constitution is amended to provide for the election of a socialist president. **NO MORE GRAY HAIR.**  
Sage and Sulphur Remedy For Dandruff? Faded and Gray Hair.  
The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers had dark, glossy hair at seventy-five, while our mothers are gray before they are fifty. Our grandmothers kept their hair soft and glossy with a "Sage Tea," which was made by steeping sage leaves in water. This sage tea was the natural color, and no objection to using such a preparation was the trouble of making it.
